CONTROL PANEL ACCESSORIES
CUTTING EMBOSS DIE

Maruti Inc. is a trusted name in the field of control panel accessories and cutting emboss dies. Established in 1998, we have built a strong reputation based on quality products, reliable service, and long-term customer relationships.

With over two decades of experience, we specialize in manufacturing and supplying a wide range of control panel hardware. Our product line includes panel locks, keys, swing handles (round rod), rod latch systems (flat rods), slam latch locks, hinges, and latches. Each product is designed with precision to ensure durability, smooth operation, and high performance.

At Maruti Inc., we focus on meeting the needs of industries by providing strong, secure, and easy-to-use solutions for electrical panels and enclosures. Our commitment to quality and continuous improvement helps us deliver products that match industry standards.

We believe in honest business practices, timely delivery, and customer satisfaction. Our goal is to grow together with our clients by providing reliable products and dependable service.

Maruti Inc. – Quality and Trust since 1998.
